# TURRIS SHIELD

## ALWAYS UPDATED HARDWARE FIREWALL

### Plug-and-play setup

Connects between your modem and router. No need to change them.

### Easy VPN

Enjoy encrypted connection to your local network from anywhere with a few clicks.

### Always updated firewall

Unique firewall software does not put you at risk and brings updates instantly.

## 3000+ attacks

are targeted at every router/server monthly

## 50~ updates

you get with Turris Shield daily

## 2 seconds

are enough for Turris to detect an attack and send an update

Interested? Contact [sales@turris.com](mailto:sales@turris.com)

### Why safer than others?

- ① Turris gets data from thousands of probes from around the world.
- ② When a new attack is detected, firewall update is automatically created and distributed to all Turris devices.
- ③ Your entire local network, often containing many devices with no or outdated firewall, is protected even against attackers known only for a few seconds.

<b>CPU</b>	1.0 GHz dual core ARMv8
<b>RAM – DDR3</b>	512 MB
<b>WAN port 10/100/1000 Mbps (RJ-45)</b>	1×
<b>LAN port 10/100/1000 Mbps (RJ-45)</b>	4×
<b>MicroSD card slot</b>	1×
<b>USB 3.0 (up to 5 Gbps)</b>	1×
<b>AC input</b>	100–240 V / 800 mA
<b>Button</b>	Reset Button
<b>Size W x D x H (mm)</b>	166 × 114 × 45
<b>Weight (g)</b>	306
<b>Operating temperature</b>	0 to 40 °C (40 to 104 °F)
<b>Relative humidity</b>	10 up 90 %
<b>Warranty</b>	2 years
<b>Certification</b>	CE

### Who is behind?

Turris Shield is developed by CZ.NIC, a non-profit .CZ domain registry and the operator of the national security team. It focuses on development of secure open-source software (e.g. its DNS server is used by the biggest DNS operators, 2/3 peering nodes in the world are operated by its routing daemon,...) and hardware (Turris network

devices) in order to make the Internet a safer place. CZ.NIC is also a member of many prestigious international organizations and got the internationally recognized certification of the information security management system (ISMS), according to the ISO 27001 standard.
